## **SUPPLEMENTARY INFORMATION:**

### **I. Background**

Section 107(b) of the Reauthorization Act (Pub. L. 114-1) requires the Secretary to conduct a study on the process by which the Secretary determines whether to certify an act as an “act of terrorism” under section 102(1) of TRIA (“Certification Study”). Section 107(c) of the Reauthorization Act prescribes certain factors that the Certification Study must examine. After completing the Certification Study, the Department of the Treasury (Treasury) must submit a report on its results to Congress.

## **II. Solicitation for Comments**

A. Collecting information and views on the factors that must be analyzed in the Certification Study will enhance the accuracy and value of the study and report to Congress. Accordingly, comments are sought on:

1. The establishment of a reasonable timeline by which the Secretary must make an accurate determination on whether to certify an act as an act of terrorism;
2. The impact that the length of any timeline proposed to be established may have on the insurance industry, policyholders, consumers, and taxpayers as a whole;
3. The factors the Secretary would evaluate and monitor during the certification process, including the ability of the Secretary to obtain the required information regarding the amount of projected and incurred losses resulting from an act which the Secretary would need in determining whether to certify the act as an act of terrorism;
4. The appropriateness, efficiency, and effectiveness of the consultation process required under section 102(1)(A) of TRIA and any recommendations on changes to the consultation process; and
5. The ability of the Secretary to provide guidance and updates to the public regarding any act that may reasonably be certified as an act of terrorism.

B. In addressing the considerations set forth in section 107(c) of the Reauthorization Act (as described in Paragraph (II)(A) of this notice), commenters are invited to submit views on:

1. The manner and extent to which the certification timeline and the Secretary's ability to make an accurate determination on whether to certify an act as an act of terrorism may be influenced by domestic or international law enforcement processes; and

2. The implications for insurers or policyholders if one or more events are certified as acts of terrorism but the aggregate, calendar-year insured losses do not exceed the amount required for Treasury to make payments for insured losses.
